

LZ-703 road protection bridge

Los Hervideros, Lanzarote, Spain / 2024

Client
Scope

TRAGSA
preliminary project

Typological study of the structures carried out for the protection of the LZ-703 road of Los Hervideros, located in the southwest of the island.

The road runs through the *Parque Natural de los Volcanes* (Natural Park of the Volcanoes), which has made landscape integration the most important factor in the solutions. Additionally, the route of this road was designed by the renowned Canarian artist César Manrique.
