

Continuous prefabricated bridges (CPB)

/ 2009

Owner

imade (cofinanciado con fondos feder)

FHECOR Consulting Engineers has developed a system for the automated design of prefabricated continuous bridges with the financial backing of IMADE.

This project also includes a custom-made tool for advanced structural design, a comparative economic study of isostatic solutions in relation to continuous solutions and a study of the impact of the implementation of the EUROCODE Standards on the design of pre-fabricated structures.
